ART-WRITING KIM JAE-HEE

HAGCHI
TUI!

Fuck...

I told
you to treat me
carefully, god-
damn it.

You
hear me,
masters?

Hm...?

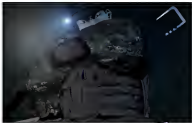

These
commie
bastards...

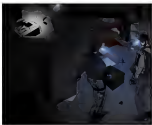

Hehehe,
they sure are
"patriots."

CHANGING THE WORLD

The explosives found in the weapons locker are enough to destroy all the evidence.

Good, let's set the traps and get the hell out of here.

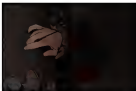

There was about 10 minutes left
until the morning changed guard...

as it is likely that an officer on watch will attempt to enter the room.

Once he opens the door, everything within a 100 foot radius will be history.

The team will be put on high alert after the explosion, but we'll be long gone by then.

The explosion will destroy all evidence that implicated our customer base.

Rob and Sam were already finished preparing our escape.

Wen just
headed off to
take out the
guards at the
front gate.

Alright,
everybody get
on board. Once we
leave the perimeter
we're moving full
speed towards the
coast and meeting
up at the pick-
up point.

UGH...

Good-
ness, how
much longer
until my
service is
over?

Sir, there
are vehicles
approach-
ing us!

Huh?

Why
the hell is
the front light
turned
off?

Excuse me,
driver: turn on
the front
light!

Jesus Christ.

What?
Why are they
still alive?

Shit,
how are
they...?

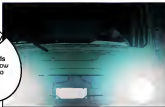

...!!!

Private Lee,
radio command.
I think we've got
something here.

Keep
calm and take
them out one by
one. Then we'll
escape at full
speed

Driver,
stick both
of your hands
out the window
and don't do
anything
stupid

These
idiots can't
do anything right.
Somebody send
reinforcements
to the gates!

Oh,
there he
is.

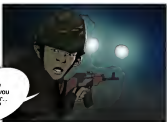

STICK
THOSE HANDS
OUT BEFORE I
SHOOT THEM
OFF!

There
we go. Now
you better not
try anything
funny...

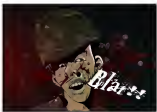

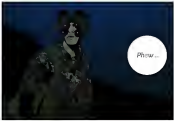

PRIVATE
LEE. IS THERE NO
RESPONSE FROM
COMMAND?

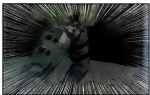

Why
aren't you
answering...
huh?

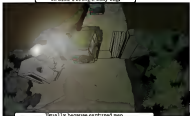

AGH!!

Shit,
we're leaving.
Won't Get us out
of here!!

I always wondered why
we didn't bring a body bag.

Usually because captured men
are gruesomely tortured to death...

and to prevent
leaving any witnesses.

They not exactly risk their own lives by using incendiary explosives.

Another nameless soldier died on the battlefield.

KA-BOOM!

They didn't seem to notice their own team member, it almost made no sense.

Turn right, we'll enter the village. "Blow the bridge as soon as we cross it: that'll buy us some time. Who has the detonation switch?"

Gam, He's in vehicle 2.

*On Radio in chapter 8

Whether Won's death was in vain or not....

WFL find out how
this piece of shit talks.

Jesus,
you guys are
this weak? How
am I going to
survive...

WFL
SHUTTING THAT
MOUTH BEFORE I SEW
IT SHUT. YOU SON
OF A..?

There wasn't even
time to mourn.

TATATATATA

BOOM

Blam

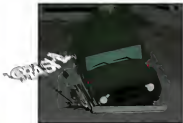

BOOM

Although it wasn't officially filed in the report,

**VEHICLE
2 IS DOWN**

There was a small engagement before we
got up with the 3 Albatrosses, our pickup team.

Our
priority
is the package.
We're leaving
vehicle 2. Stay
on...!

Also, I mentioned the FBI's
policy during their investigation.

SHUT UP
AND STOP THE CAR!
THAT'S AN ORDER
GODDAMN IT!

SET UP
A DEFENSIVE
PERIMETER ON THE
BRIDGE! COVER ME UNTIL
I RETRIEVE THE
SWORD!

Maybe it just didn't take the
emotional attitude of Captain Park...

but it seems like I'm always saving Choi's son.
